Investment Overview

Twin Oaks Shopping Center is a 30,704 SF multi-tenant retail center on North Avenue (Highway 58), Belton's primary retail corridor, less than two miles from I-49. The center is 100% leased on triple-net leases with contractual annual rent increases, producing durable cash flow from Day 1, and sits directly in the path of more than \$350 million of announced new development, including the \$228M Uptown entertainment district on the same corridor.

Durable, In-Place NNN Cash Flow

An 8.8% going-in cap rate delivering ~7.9% cash-on-cash in Year 1. Triple-net leases pass taxes, insurance and CAM to tenants, insulating investors from expense inflation.

Contractual Rent Growth Built In

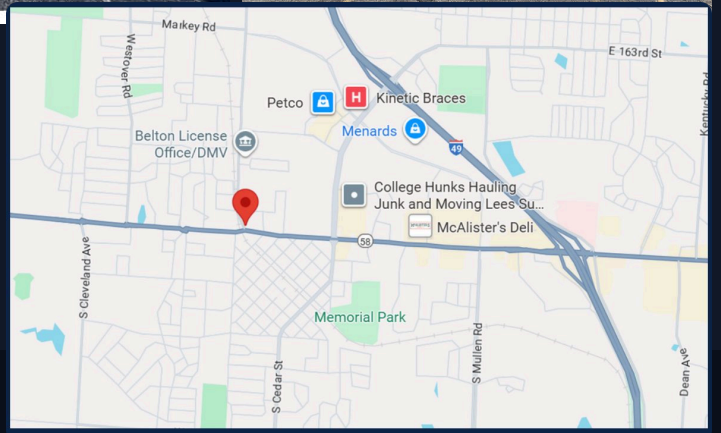

Every lease carries scheduled 2-3% escalators. In-place base rent grows from \$283K to \$313K over the hold with no leasing risk assumed.

Fastest-Growing KC Submarket

Belton is up 11% since 2020. The \$228M Uptown District (660+ homes, B&B Theatres complex) is planned on North Avenue, with a Price Chopper-anchored center already underway on the corridor.

E-Commerce-Proof Tenant Mix

Anchored by NAPA Auto Parts and Iron Gates Gym, with a laundromat, barber, wireless, and specialty retail, all service uses that drive daily traffic and renew in place.

A Stabilized Asset in a Growth Path

Unlike a heavy value-add project, Twin Oaks is acquired fully stabilized and cash-flowing. The strategy is simple and low-risk: buy well below replacement cost, collect strong NNN income from Day 1, and let contractual escalators and Belton's growth lift NOI as hundreds of millions of dollars of new investment reshape the corridor around the property.

1

Acquire

\$93.64/SF, below replacement cost,
70% debt, 1.55x DSCR

2

Collect

100% leased NNN, ~7.9% cash-on-
cash from Year 1

3

Grow

Escalators + Belton development lift
NOI and rents

4

Compound

Durable income plus appreciation as
Belton densifies and cap rates
compress

Why This Deal Works

- ◆ 100% occupied across all 30,704 SF, with no lease-up or vacancy assumption needed
- ◆ True NNN structure, where tenants reimburse taxes, insurance and CAM
- ◆ Contractual escalators grow income without re-tenanting
- ◆ Staggered expirations (2028-2031) smooth rollover exposure
- ◆ \$260K working-capital reserve funded at closing

Risk Mitigants

- ◆ **~\$747,500 first-year bonus depreciation** (~64% of invested equity) shelters investor income
- ◆ **1.55x DSCR** in Year 1, rising to 1.60x
- ◆ Day-1 positive cash flow ahead of the 7% preferred return
- ◆ Essential, service-based tenants resistant to e-commerce
- ◆ Low \$94/SF basis provides downside protection
- ◆ Amortizing debt builds ~\$201K equity over the hold
- ◆ Rovira PM manages in-house

Planned Capital Improvements · Funded from the working capital reserve, no additional capital calls

Belton Is Booming Right On This Corridor

Belton is one of the fastest-growing cities in metro Kansas City, and the wave of new investment is landing directly on North Avenue (Highway 58), the same corridor as Twin Oaks. The most significant catalyst, the Uptown District, is planned at Cedar Street and North Avenue, a short distance east of the property.

The Crossroads at Belton

A grocery-anchored center on Highway 58 at Route Y, anchored by a 68,000 SF Cosentino's Price Chopper, with up to ~114,000 SF rising on the same corridor, across from Uptown.

Belton Gateway (I-49 & Y Hwy)

A 47-acre regional retail hub minutes away, home to Academy Sports, Hobby Lobby, Marshalls, Ross, Five Below, Petco and Ulta, proof of expanding trade-area demand.

What This Means for Twin Oaks

- ◆ **Rooftops on the doorstep:** 660+ new households at Uptown, plus city-wide growth, expand the customer base for every tenant.
- ◆ **Rising rents:** New grocery- and entertainment-anchored development raises the corridor's rent ceiling, supporting stronger renewals.
- ◆ **Cap-rate compression:** As Belton becomes a regional destination, stabilized retail here attracts more buyers at lower cap rates, lifting property values.
