THE OPPORTUNITY

Why Pine Island Plaza?

Pine Island Plaza is a value-add acquisition of an 11,041 SF multi-tenant retail s
in Broward County. The property has significant embedded rent upside, deferr
maintenance that we will address through a comprehensive capital improvement program, and a transformative 512-unit mixed-use development breaking ground directly behind the property, creating a once-in-a-cycle demand catalyst for commercially zoned assets in the immediate area.

Value-Add Through Stabilization

A $342K capital improvement program (new roof, parking lot resurfacing, facade renovation, and landscape upgrades) will transform the property's curb appeal, attract higher-quality tenants, and justify market-rate rents.

Significant Rent Upside

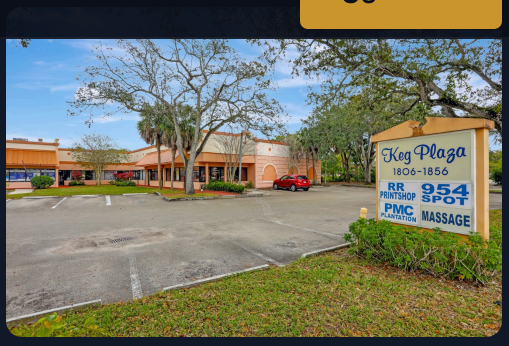
Several tenants are paying well below the $31/SF proforma rate, including one at just $6/SF. Marking rents to market on lease rollovers and filling two vacant units drives meaningful NOI growth.

512-Unit Development Catalyst

Plantation City Center, a 512-unit, 25,000 SF retail mixed-use project by Related Group and BH Group, has been approved directly behind the property. This adds hundreds of households to the trade area.

Seller Financing at 5.5% I/O for 10 Years

$2.2M seller carry at 5.5% interest-only for 10 years covers 65% of the purchase price, locking in predictable debt service at $121K/year and maximizing cash-on-cash returns from Day 1. The extended I/O period gives us plenty of runway to execute the business plan and navigate future market conditions.



VALUE-ADD STRATEGY

Capital Improvement Program

A comprehensive $342,000 CapEx program, funded from the equity raise, will address deferred maintenance, dramatically improve curb appeal and visibility from Pine Island Road, and position the property to command market-rate rents as the surrounding area densifies.

New Roof

Full roof replacement to eliminate deferred maintenance, reduce insurance costs, and provide 20+ year protection for tenants and the structure.

Parking Lot Resurfacing

Complete resurfacing and restriping of the parking lot to improve first impressions, tenant satisfaction, and comply with ADA standards.

Landscaping & Tree Trimming

Significant landscaping overhaul and tree trimming to dramatically improve visibility from Pine Island Road, the property's primary traffic artery and source of drive-by exposure.

Paint & Stucco Facade Renovation

Fresh paint and stucco work across the entire facade to modernize the building's appearance, improve tenant pride of place, and attract higher-caliber tenants at market rents.

Total CapEx Budget **$342,000**

Funded entirely from the equity raise as working capital reserves. No additional capital calls required. These improvements are expected to be completed within the first 12 months of ownership, positioning the property for accelerated rent growth and tenant retention.

INVESTMENT STRATEGY

Acquire. Improve. Stabilize. Exit.

1

Acquire

Purchase at $308/SF with 65% seller financing at 5.5% I/O for 10 years, well

2

Improve

Execute $342K CapEx program: new roof, parking lot, landscaping,

3

Stabilize

Lease vacant units, mark below-market rents to $31/SF, convert to NNN with 5% annual escalators

4

Exit Year 7

Sell stabilized asset at compressed cap rate as Plantation City Center drives area demand

Rent Upside Highlights

- HMG Clean Out Inc paying **$6/SF** vs $31/SF proforma. That's over $24,000/yr in additional rent at rollover.
- Home Makers Companions at **$16/SF**, nearly half of market, on a month-to-month lease
- LeMacks Salon at **$20/SF**, also month-to-month with room to push
- Two vacant units (600 SF) ready for lease-up at market
- Multiple MTM tenants allow near-term rent resets without waiting for lease expiry

Risk Mitigants

- Day-1 positive cash flow at 6.3% cash-on-cash in Year 1
- Interest-only debt means no amortization drag on cash flow
- 1.86x DSCR provides comfortable debt coverage cushion
- 9 of 11 units occupied with limited downside from vacancy
- Rovira PM manages in-house with no third-party dependency

GROWTH CATALYST

Plantation City Center

A transformative mixed-use development by **Related Group** and **BH Group**, two of South Florida's most prominent developers, has been approved on the former AT&T training campus at 8601 W Sunrise Boulevard, directly adjacent to Pine Island Plaza.

What This Means for Pine Island Plaza

- **Density injection:** 512 new households within walking distance creates immediate demand for local services like medical, salon, insurance, and dining, which is exactly the tenant mix Pine Island Plaza already serves.
- **Rent compression:** As foot traffic and population density increase, market rents for commercially zoned properties in the corridor will rise, accelerating our mark-to-market strategy.
- **Vacancy absorption:** New residents need services. Our two vacant units become easier to fill at higher rents as the development takes shape.
- **Cap rate compression on exit:** An institutional-quality mixed-use development raises the profile of the entire trade area, attracting more sophisticated buyers willing to pay lower cap rates on stabilized retail.
